

A Successful Audit

Earlier this week, the college had its formal exit meeting with the Washington State Auditor's Office for its annual financial statement audit for fiscal year 2021-22. This is the 8th year in a row that Clark College has achieved no findings in these state audits, demonstrating that financial reporting and internal controls are in compliance with state laws.

"Thank you to everyone for their part in helping us get through this process successfully," said Vice President of Operations, Sabra Sand. "These audits required a tremendous amount of time for our Business Services staff, along with collaboration with other areas across campus including Student Life, Financial Aid, and the Bookstore."
