

# Choppers, Gunk, Bugs and Barges

On Saturday, November 2, Clark College's main campus was fizzing like a lab beaker as hundreds of students participated in the Southwest Washington Elementary Science Olympiad. Almost 300 third-through-fifth grade students from 19 local elementary schools participated in the half-day event, which included five competitions: Green Eggs Go Bam!, Chopper Challenge, Tug-o-War Gunk, Benthic Bugs, and Buoyant Barges. (See complete results from the contest.) In addition to hosting the event, Clark provided more than 60 volunteers, most of them students. This was Clark's sixth year of hosting the event, which helps promote STEM (science, technology, engineering, and math) among young learners.

## Striking Developments

On October 3, the Clark College community came together for an annual tradition, the Students vs. Staff softball game. One change to the tradition: After years of being held during spring quarter, this event was moved to fall quarter. (Expect another competition, possibly kickball, to take its place during spring quarter.) Another change: After many years as

the underdogs, Team Staff (which also includes faculty) came away with the victory, trouncing Team Student 13-4. Team Staff owed some of their success to new softball coach Mandy Hill's able leadership, as well as Health and Physical Education instructor Alan Wiest's impressive tally of four home runs.
